

TRINITY CHRISTIAN ACADEMY

Training Young Champions for Christ

Athletic Mission:

The Department of Athletics is a team of Christ-centered professionals that directs interscholastic athletic competition for Trinity Christian Academy. At Trinity, competitive athletics are viewed as a practical means of glorifying God, enjoying one's physical gifts with gratitude, serving others, and participating in God's mission for our world. This competition enriches the spiritual, intellectual, physical, and emotional welfare of student athletes, enhances the reputation of the Trinity, and is characterized by excellence.

Athletic Program Quick Facts: (1994-2014)

Trinity students are taught the values of persistence, commitment, and teamwork, through participation in our successful athletic programs. In our past 20 years as a member of the Tennessee Secondary Schools Athletic Association, Trinity has earned numerous District/Region/Sectional Championships and 5 State Championship titles. Trinity's athletic department supports 13 sports and fields over 40 middle and high school teams each year. Approximately 78.9% of all students in grades 6-12 participated in athletics. We have had several Trinity Christian Academy athletes graduate with athletic scholarship offers from leading universities.
