

Early Ed and Lower School Class Fees 2023-2024

***K-5th Grade class fees cover a portion of our IXL cost and a new Pride Tribe t-shirt.**

2 & 3 Year Olds \$35

Our early education program is full of active, hands-on activities where the students can have different experiences that increase their vocabulary, knowledge, and learning. Although the students do not travel off campus for field trips, the activity fee covers the materials for these special in-class activities, as well as the Christmas, Valentine's, and end of the year parties.

PreK \$70

In PreK, the activity fee covers several special days throughout the year that provide real-life experiences for the students. Families are an important part of our curriculum so we set aside a day to celebrate Mom and another for Dad. On Bible Land Day we let the children experience life during Bible times. On the 100th Day of school, we celebrate numbers with a variety of activities. We also celebrate fall with Orange Day and a Friendsgiving. Also included in this fee is money for our class parties: Christmas, Valentine's, and end of the year.

Kindergarten \$100

Our kindergarten activity fee covers two field trips and our special kindergarten graduation ceremony. On Valentine's Day, we go to the skating rink for our Valentine's party. This is a chance for the children to have socialization and exercise with their peers. We also take a trip to the farm in the spring. This is an awesome trip to get hands-on experience with our science curriculum during our animal unit. We experience every aspect of the farm, from the animals, to where our food at the dinner table comes from. Also included in the activity fee is money for our class parties: Christmas, Valentine's, and end of the year.

1st Grade

\$100

The first graders participate in two off-campus field trips that correlate with our curriculum and offer a variety of hands-on, interactive experiences to enhance our first grade curriculum-math, science, social studies, art, drama, etc. We also have two academic celebrations, Prairie Day and Dollar Holler, that give students an opportunity to apply skills learned in first grade. Also included in the activity fee is money for our class parties: Christmas, Valentine's, and end of the year celebration.

2nd Grade

\$125

Second grade students will have the opportunity to participate in several activities throughout the school year. The purpose of these activities is to help children grow academically and spiritually. Some activities will reinforce academic and biblical principles taught in the classroom, while other activities will reward students for their achievements throughout the year. Just a few of the activities we have planned include visiting the zoo to learn more about God's design of habitats and an educational trip in the spring. We also celebrate Easter by studying the book *Growing Up Where Jesus Lived* and experiencing the food of the time. Also included in the activity fee is CoGAT testing and money for our class parties: Christmas, Valentine's, and end of the year.

3rd Grade

\$125

The third grade is involved in many activities throughout the year that are covered in the activity fee. County Fair Day, which correlates with the reading of *Charlotte's Web*, is always a fun-filled day that is sure to provide many lasting memories for our students. We make crafts during our party at Christmas. Our Valentine's celebration will consist of the students participating in a "Healthy Heart Party". This party will also serve as an introduction to the unit of study in Science which focuses on healthy living. In the spring, we will take a field trip to a local attraction and participate in CoGAT testing. We will then conclude our time together with an end-of-the-year party to celebrate a successful year in third grade!

**4th Grade****\$200**

Fourth grade students take a field trip in the fall. We also take a trip to Nashville in the spring where we take a guided tour of the Capitol and visit the Adventure Science Museum, which is a culminating activity for the history unit about Tennessee. Also included in the activity fee is money for our class parties: Christmas, Valentine's, and end of the year celebration.

5th Grade**\$200**

During the 5th grade year, we have several exciting events planned for our students. Discovery Park is our first activity in which we learn more about the veterans' role in WWII. In the spring, we take a field trip to Our goal in 5th grade is to have activities that engage, enrich, and support learning in the classroom. Also included in the activity fee is money for our class parties: Christmas, Valentine's Day, and End of the Year.
